

Stakeholder Survey 2009

Summary Report

Wilson J. O. ES

Statement from Michelle Rhee, Chancellor

In May 2009 we surveyed parents, school staff, and students (grades 6 through 12), asking their opinions on their schools and the district. I am pleased to share with you this summary of the feedback we received. It is essential that we hear from these key stakeholders in order to ensure that our reform efforts are serving our students as well as possible.

We hope this report will serve as a tool for school principals and staff to engage their school community and better understand what is working well and what needs improvement. I look forward to working with our school leadership on ways in which we can respond to the information presented in this report and better focus our efforts to improve our schools.

For details on how this information was collected and for full survey results please visit www.dcps.dc.gov.

About this report

The survey results are organized by stakeholder: student responses are shown first, followed by staff and parent responses. Survey questions addressed the following four categories from the DCPS Effective Schools Framework:

Teaching and Learning: Does the school emphasize instruction and hold students to high expectations for achievement?

Resources: Does the school have adequate resources for learning, and is it kept in good condition?

Family and Community Engagement: Does the school invest in families and community members to support students?

Safe and Effective Learning Environment: Do the school's policies, procedures, and practices support a safe environment that fosters mutual respect, high expectations, and a focus on teaching and learning?

Overall Satisfaction

My school is on the right track for student achievement.

Average grade people gave to the school.

■ Strongly disagree □ Disagree ■ Agree ■ Strongly agree

What did students say about Wilson J. O. ES?

The staff at my school set high standards for students.

My classes really make me think.

I think doing well in school is important for my future.

My school is clean and well maintained.

My classrooms have the instructional materials we need.
